

QUICK GUIDE CALL RECORDING

CALL RECORDING FOR LANDLINE AND MOBILE NUMBERS

Record and pause calls on mobile app or Softphone.

CALL RECORDING AUTOMATIC

If you have Call Recording Automatic, all calls are recorded. No manual handling is required.

CALL RECORDING PRO

If you have Call Recording Pro you can choose between Always on or On demand. At Always on, all calls are recorded and no manual handling is required. If you have On demand, you manually choose when you want to record a call.

CALL RECORDING PRO ON DEMAND

Under the tab **Calls** you can find choices for Call Recording.

Save recording*

Discard recording

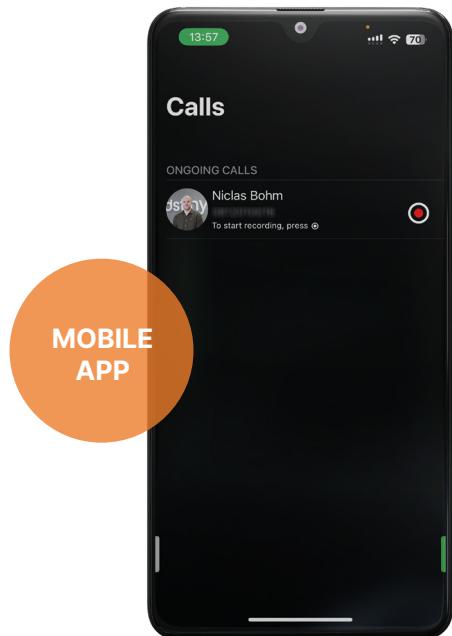

Pause recording

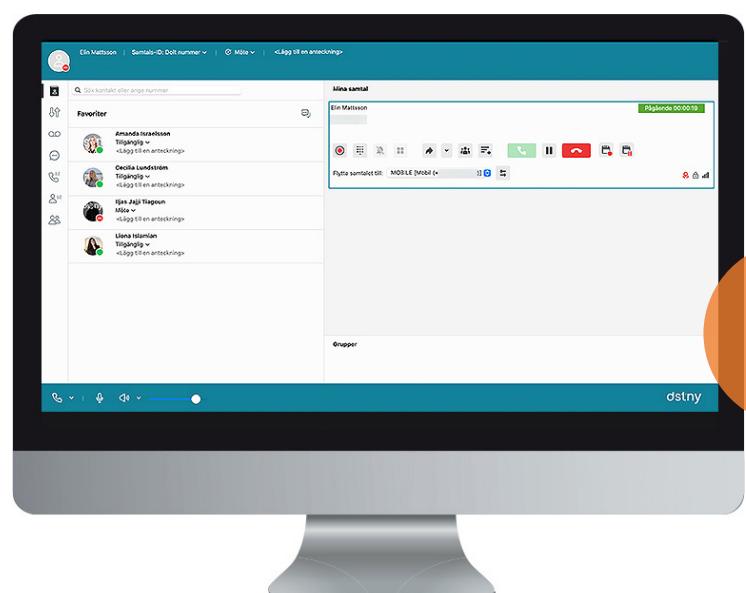

Resume recording

*Note that you can choose to save the entire call at any time during the call.
